

Times they are a changin!

At this time two years ago there where approximately 1250 men on this prison year. Now there are less than 900. A person can almost breath. It seems that all the changes we have been hoping for for the past 10 years are actually happening and now none of us can believe it. :)

My Mother came out for a visit last weekend and it was the greatest time I have had in many years. It seems as we grow older we also grow in understanding and grace. She is just such a good friend. She "gets it!". ;) Life is good today. I pray it is for you too.

Last week I sent off for a petition to graduate from Lassen College, that with a two year degree. I plan on having my four year from Bible College this Spring, Lorwilling, which He is.

I am at the beginning stages of putting together a ministry model for a inmate hospice program which can be implemented state wide. It is needed and God is leading me in this, I hope. Your prayers will help me in this matter.

My Dad, Big Russ, back in Oklahoma is leaving the ministry where he has been serving. Please pray for guidance for him as he wmoves on to where God will have him next. He is a really good man. Please pray for him.

I do not hear from any of my children. I am reaping what I've sown. Please pray for Crystal, Jesse, and Asheton, for their safty, salvation and sobriety.

God Bless you! He Loves you so hang in there. peace.

Russ C
