

ladyoftheShadow, I am sorry for
the Rude'ness of my last post.

you know I love you more than
anything. ANYTHING!

I just miss you. though that's
no excuse. I want you back
with me so bad, back in my life
full time.

you are the only one in my life other
than my immediate family and myself that
I've loved- or even cared about.

Please write me, Get to know me
again. I'll get you a photo like you
want... I've been an emotional wreck
since 9-22-12, it's been hard...
\$ is so thin it's invisible, Time's
dragging by, seconds take hours to
pass. Can't hold an intelligent thought
for any extended time. It's all drug me
down so much I'm currently physically
ill..

I'll get over it eventually..

FORGIVE ME?
