Monday October 8, 2012 5:45 am. Just finished making my bunk and cleaning the floor, ate breakfast and guess I'm going to do some writing. I watched Drew Brees break the record last night. then watched Amazing Race, and went to bed after 930 master count. I woke up this morning thinking about my co-defendant. I try not to do that.

Here I am sitting in this damn cage on death row for a murder that he committed. And he's out there on the street probably laying in a nice soft bed, next to a nice soft woman. all because the state was foolish enough to make a deal with him, giving him 25 years. Where he served 11 years 2 months before getting out. And I remain here because I wouldn't make a deal. Justice my ass!" well I'm going to do some writing.

12:46 PM I seen a news clip where the FDAC was doing a press conference on the murder of that inmate here at UCI, about 6 weeks ago. Pisses me off, but I've got to stay away from that stuff. Cause I can't get any support to battle the corruption within the FDAC, and I'm sick of the retaliation. I'm just trying to keep my head low. I've been scrubbing the walls down. I cleaned the big vent which was filthy. I'm just listening to my music. I also throw away a lot of grievances from several years back. I'm fixing to lay back and relax for awhile.
