Above example demonstrates how to go about obtaining my color photograph. I'm indigent. No family in my life, don't know anyone to write to inmates, don't share resources, & no ability to work earning wages. Since April 2011 I've only received (1) comment. I need greater exposure to internet.

Please contact me in writing via snail mail if your willing to donate computer keyboarding time to assist communicating with media, celebrities, & philanthropist.

I've a problem do you have solution?
