So deep is the pressure placed upon my heart and  
Spirit,  
to find this mystic thing or being I so mindlessly  
Search for, ~~am~~  
am I near it!  
or do I fear it?  
if it echoes, will I hear it?  
what if it touches me, will I feel it?  
I do know whatever the outcome I have no choice but to  
deal with it.

Although my emotions are shallow,  
my love has a bottomless depth;  
because often dishonesty trails trust like a shadow.  
and the truest gift I could ever give unto one is myself!

If I am one with the sky,  
why would I settle for the closest cloud I can find,  
when I possess a passion to conquer cloud nine  
and have the will power to sufficiently make it mine!

Analogy: We know what we need but always go for what  
we want!
