Cell Mates AT Pelican Bay,^{ss}

I'm sharing a few photos of some of my old cellmates who I done time with at the Bay. So let's start off with the old man with grey hair and his very nice wife. This photo was taken in the Bay in the visiting room. His name is Mike and he done most of my tattoo work. They call him Fine Line Mike. Last I heard from Mike he got out of prison and now one has heard from him since. I hope that he is doing well and living a good life out there. If your reading this Mike I love you Bro. Mike done some really really nice tattoos on me he's a pro 4 sure. Now we got the guy with the big brush mustache. We call him Derwood. He was a great cellie. We had a lot of fun at P.B.S.P. Derwood was a 3rd striker. If your wondering, Derwood had 3 burglary's and they gave him 25 yrs to life for that. The man has never been in a violent crime in his life that's CA laws 4 ya. But there is 1 good news to give you on Derwood he may get out due to yesterday the people of CA voted to revamp the 3rd strike law so Derwood it looks like after 19 yrs you will go home. I will pray 4 u Derwood. He always treated me with the utmost respect when we were cellies.
