I have no daughter to walk down a runway  
OR wedding to draw out joyful tears -  
Placing securely int anothers arms  
Whats it like to clean a babies nose  
Or to make lunch for school hours  
while watching ~~or~~ mothers Nurturing ways  
I'm just a fatherless idiot  
wishing I had established roots  
They'll be no celebration or grand kids -  
TO remember my name  
Or for me to wrap christmas present for  
I'd even be happy having a boy
