Thanks for the compliment! Of course I always love it when people like my art! Most of what I do is colored pencil altho' I also do a lot of graphite, pen & ink and I use some oil pastel. I have a lot more art I want to send in but I sent a couple of envelopes of original art in with SASE's and I still haven't had anything returned so I'm a little gun-shy about sending more. It's been over 2 months for some stuff. Hopefully the good people who sponsor BTB are just behind and I'll soon receive my art back. Meanwhile I'm working on getting copies to send in that I won't need returned. Since I have no computer access I don't know if the art I've sent in has even been posted!

Thanks again Xander.
