Hi Jess...

I responded to you on another post & yet I am compelled to add for the benefit of our other readers some of the things I said before -

This blog, which meant to be humorous/serious is gross but it is the 100% truth.

Perhaps I spent too much time being descriptive, but it needed to be said.

To add to the blog - Post-Script, I showed one of the B.E.'s the column. He read it, did NOT see himself in it (or ignored it). I found that incredibly funny and sad, too.

Well, that said - we move on! Stay Tuned everyone!
The best are yet to come! (I promise!)

You're a Mean One, Mr. Grinch...
