

Well, I've been digging around and found a few pieces of artwork in my CRAP. Some are just copies, but that's what I have right now.

Again I'd like to ask a few people to send me color copies or photos of my art that I've sent them. This means YOU: Mom, Lyvonne, Ellen, Sandra, Tabitha, etc.

what I'm posting today is one of the only watercolors I've ever painted; a xerox of an old portrait I drew of my son Scotty; another of my oldest son Dustin from his graduation; a color copy of a design I drew for the Buddhist group that comes here; A couple of collages in pen; A page from my Myspace page w/ some art I had sent out, (the one at the bottom that has the HRP Rat & says "Reckless Tattoos" is all stipling & was done at my Homeboy Sandman's^(RIP) house in 1989).

Hopefully I'll have more to send in soon. I'd love to do a couple more portraits of Seven & Nicky, my other sons, but I need nice photos to do it. Soon.

Also including 2 paintings I've done for Ellen@apeleather.com and a few cards. Thank Ellen!

...and a Zombie/meat cleaver done a few months ago and a Demon from 2010.
