

THE DEATH PENALTY LIES

The ultimate mission of the system upon which "we the people" rely to protect the life and liberty of the accused; as well as the welfare of society is to ascertain the factual truth. When this mission is not achieved in a case wherein the death penalty is the sentence, an unconscionable and irreversible punishment is set in motion to be carried out.

I have spoken with and personally know men who have been executed, and others who were sentenced to death - and had eaten their "last meals" - whose convictions were overturned, and they have been set free or received a reduced sentence.

The death penalty, with all its politics, REVENGE, RACISM AND DIRTY SECRETS is a big lie. A big lie propped up with a web of several little lies. These little lies are true and predictable.

- * Capital punishment deters other would-be murderers.
- * Capital punishment is not cruel or unusual.
- * No innocent person has ever been executed in America.
- * Capital punishment is not imposed based on the race or financial status of the accused.
- * Capital punishment is not imposed based on the race or financial status of the victim.
- * Capital punishment's use is not politically motivated.
- * Every defendant who faces the death

PENALTY RECEIVES EFFECTIVE, FUNCTIONAL AND COMPETENT LEGAL REPRESENTATION.

* THE POST-CONVICTION REMEDIES IN PLACE IN AMERICA ARE ADEQUATE, EFFECTIVE, AND EFFICIENT TO PREVENT A WRONGFUL CONVICTION FROM STANDING; AND PREVENT THE EXECUTION OF AN INNOCENT PERSON FROM BEING CARRIED OUT.

TO ALL THE ABOVE AND MORE, I HAVE ONE WORD TO SAY: **LIE!**
