

Yashua, my boy! — 12/12/12

Man I've missed your writings! You've learned some valuable lessons quite early in life — and gained sympathy for how your mom and I lost control of our lives... So what are your plans now? Will mentioned that you have a way of reaching peoples heart who are troubled. I'd like you to write me about that and tell me what you're doing with your life out there, and what your plans are. Do you stay in touch with everybody? Extend my love to them all and tell them that I wish them all the best in 2013.

I just received a copy of your message tonight in the mail, so I wanted to write real quick to say how happy I am to see what you have to say. Hopefully the blog-staff haven't went off on vacation break yet and you'll get this + Holiday Greeting.

Merry Yule, son! As this year ends I pray that you aspire to parlay the lessons of 2012 toward great things in 2013.

HAPPY NEW YEAR!

I love you

Be blessed.
