

Bee Part 2

pg 10 of 1

You've given me more than Any living Soul  
So many parts of you I hold  
If what we have is an Auction ... Sold  
I'm the highest bidder ... heart of Gold  
I Fall totally in all that you are  
lost in your words far above the stars  
Levitate with me in amazement  
I can't believe I'm saying this  
I want to dance with you, let's sway & kiss  
step into our hearts ... Play in this  
Melody I've composed with you in mind  
Our arms around my neck, body wrapped in <sup>mine</sup> ~~ours~~  
Dance with me, our words the foot steps  
lead me ... there's so much love left  
I swear the ~~love~~ <sup>love</sup> ~~is~~ <sup>is</sup> ~~gone~~ <sup>gone</sup> left ... I'm changed  
and you see me through these chains  
I've never told you but ... Please love me  
Support me and Bee, trust me  
In this life we live so much is ugly  
but the beauty is where your hugs be  
I've see ~~all~~ but now all I see ...  
Is a wonderful life ... with the lovely Bee
