

Gun Control...

OK - I had to wait for the shock, disgust and anger to wear off before I wrote this one. Glad I waited! Let's see where this leads...

First of all - To all the victims and families touched by this Newtown tragedy - my thoughts and prayers are with you. I don't know why God steals our children, but I'll definitely kick him in the balls for this one. I hope and pray all you survivors can get through the suffering and somehow piece your lives back together.

The fact is and always will be, guns are a tool, that's all. It is the handlers that are the problem. In this case, an autistic (?) liberal-vegan blew out 27 candles and then his own (thank God). Fact is - This WAS NOT the calculated act of a Gun-toting Conservative NRA supporter.

Fact is, The guns WERE STOLEN FROM THE LEGAL OWNER, who IN FACT, went through all the LEGAL CHANNELS to buy, own, maintain those weapons. The owner ~~was~~ was a RESPONSIBLE party.

'Gun Control' is a lie. AN OUTLAW used STOLEN ~~guns~~ GUNS as WEAPONS to COMMIT ILLEGAL AND VIOLENT ACTS. How do you 'CONTROL' that? By taking away MORE RIGHTS? No No No!!!

How? :

By RESTORING rights! That's correct. IF EVERY ADULT in that school was armed and properly trained, this LIBERAL VEGAN OUTLAW would NEVER HAVE HAD THE OPPORTUNITY TO COMMIT THOSE ACTS - HE would have been stopped by LAWFUL USE of firearms in the NAME OF LAW AND JUSTICE. The children of Serrano Hook Elementary would still be alive. Period.

Disarm America? Do you ALL want to die at the hands of OUTLAWS? Buy your gun, buy your ammo, Join The NRA and your local Rod & Gun club and learn PROPER USE AND RESPONSIBILITY of your firearm. Carry your gun with you at all times and when an OUTLAW comes after you, use your judgement, your firearm and end the stupid sonofabitch.

THAT is "gun-control." Period. IF you disagree, go comment on some bleeding-heart liberal vegan's blog. Oh wait, he's dead after shooting up a school...

Think About It You Morons -

P.S. Memo To Gov Jerry Brown, CA: Need I mention that this would also solve that pesky prison overcrowding problem your administration is running from?!?!?
