THE END OF THE WORLD?!? MORE MORONS... 12/23/12

OH HO HO HO! I AM ABSOLUTELY SO AWESOME!

Obviously any of you nutless, brainless morons who thought you'd catch a Mayan Starship to OBLIVION the other day are (stupid) worthless, FAITHLESS and (stupid) WRONG.

None of you 12/21 Doom-sayers sent me so much as a EURO; not one pink-slip, not a single deed to property. So you lack the faith of your conviction and you are a MORONIC collective. (In FRANCE there was a big group).

So what have we learned? That MAYBE primitive barely-above-caveman-level cultures were that way FOR A REASON?!?!?

We have learned that NOT ONLY COMPUTERS AND TELESCOPES AND SATELLITES (the space-kind, not old Plymouths), but ~~EVERY~~ ALL of the MAJOR religions of the world were at once ALL CORRECT AND IN AGREEMENT,

The world did not end; you are a moron if you believed it would; you are faithless by not sending me all of your worldly possessions during that belief. Next time, try doing it Jim Jones-style... that way DOES WORK!! Ask the Heaven's-Gate people... Ha Ha Ha Ha!!

Happy LIVING Thoughts -
