

Comrades!:

Just a quick reminder. A Fallen revolutionary is in desperate need of contact. Please lend your help toward assisting in my legal efforts to prove my case & give some moral support. Every Political Prisoner needs such assistance, & I am no different.

So, with your help comrades, let's start to open up these lines of communication! Total silence between us comrades will ultimately bring about death to the cause.

This plea for mutual contact is in no way meant to exclude anyone simply wishing to establish a "personal relationship" (not at all. Some of my best comrades are my friends also.)

This is only my 2nd attempt to blog, so don't give up on me & I won't give up either.

until I hear from some friends or comrades I'll be patiently waiting your response to this blog.
