

Im regretful I caused,  
 you anguish and pain....  
 Im regretful I did  
 deadly and dreadful things,  
 I regret your loss,  
 at what was your cost...  
 I hope you ear,  
 this message I bare...

Im grateful for this chance  
 wich wasn't so,  
 at first glance....  
 thanks for this time,  
 wich opened up my mind...  
 what wonders that I found,  
 with every heavy step...  
 Today I have no regrets,  
 but my gratitude to you  
 Nonetheless  
 Is a million thanks  
 And  
 because of you,  
 I have no heart aches.....

It's no laughing matter,  
 it's not a cherished thing....  
 It's not fun to see,  
 a loved one diseased....  
 shut out from the world,  
 as the casket gets closed....  
 we sit and we cry,  
 and say our goodbyes....  
 Farewell to the times,  
 we once shared,  
 farewell to the times,  
 when we were close.....  
 Now we throw flowers  
 at this dug up grave.  
 The casket drops,  
 and so ~~the~~ does this heart,  
 I'll try and not forget,  
 I'll try to stay strong,  
 I'll do my best,  
 but without you,  
 I'm not my whole best.....
