On January, 8th, 2013, On the Tom Joyner Morning Show, military parent of Caylee, revealed her 16 month old little girl was killed by the military hospital in Colorado. Her and Caylee's father took, well, rather rushed they daughter to the emergency room of this military hospital, where the hospital ER staff maliciously calculated an assault of negligence on toddler Caylee for some odd notion-reason. They neglected and intentionally delayed medical attention which brought on little Caylee's death. Then had the audacity to tell Caylee's parents that Caylee was gonna die anyway. All that was missing from this crime scene was an AR-15 Assault Rifle. Log on to website justice4caylee.com (Contact White House). No violence should come ^{to} children whether white or kids of color, whether with an AR-15 assault rifle/weapons, or in any other forms. Toddler Caylee may have been our next Condoleezza, or Susan Rice. We must value all kids life/lives. Justice4Caylee
