

What's In A Friend?

*What's in a friend? Is it far from next of kin?
A love affair? When needed, always there?*

*To share a stroll down memory lane? To laugh
with joy and cry with the pain?*

*To delight in a fight? Assurance that everything
will be alright?*

*And what about life's most powerful dose of
truth when you need it most from the one ever
so close? With confidence to boast?*
