New York's Time Square with laughter "exploded"  
Chicago, again, exalted  
And Washington, bursting with "Laughter"  
Republicans, now, have to work with democrats  
Washington, must listen, or not  
The people have spoken  
Tis "Democracy" fully unchained  
Republican governors got beaten, like heathens  
Some governors got humbled, even  
Because: "The triumph of the hypocrite is but for a moment"  
God Himself voted for Obama 2.0

I guess "looking out for one another"  
Is godly and righteous after all  
"They exchanged the 'Truth' of God for a pious fraud"  
With tears we've elected Obama 1.0  
It brought more tears to elect Obama 2.0  
It took "Mother Nature" to speak God's oracles  
Even Father God shed tears, cause they won't work together  
"How I wanted to...as a hen gathered her chicks under her wings..."  
See the hardest job in Washington is to work together  
Judgment Day has come. Whose is it?  
What we expect in Obama 2.0, is "Unity"

God told Romney: "Don't worry about Obama, I'll get him out of office"  
But, we now know, that was like always, a fallacy  
On his part, it's a "contest of his own inner ego"  
To run 2012 to Obama 2.0  
Oh Obama, while they plotted and loathed you  
You still had a womb in your heart, for "Love"  
While they sought to deride you, and your's  
You still tried to work along, and stand on solid ground  
That's what God would do; and want  
That is why, son, even God smiled down upon you  
"Love one one another" is the greatest command  
Even God voted you in, in Obama 2.0

It took "Sandy" to prove Obama words were true  
"Helping your neighbor" is not, just a handout, but "Love"  
"You are my disciple if you have, for one another, "Love"  
Love for Obama 2.0, the Lord Jesus did it. Socialism?  
Never! Either you're a pharisee, or not  
Was the "Mayflower" a socialist ship? No  
Was the "Lily Ledbeder law" a step toward equality? Yes  
Were the "voting rights" part of the bill of rights? Better, yes  
All along these were hidden in the mystery of "Rights"  
All men are entitled to unalienable rights  
Except, the definition of "Man" was satirized  
Excluding women, and men of color  
We fixed these, when we elected Obama 2.0  
See then, the "Majesty" of Obama 2.0

O B A M A 2.0 (Continued)

I assume the Mayans prophesied "politics 12.21.12, even  
You may not agree, check second Samuel twenty eight and seven  
Politics are changed for ever, perhaps beginning 12.21.12  
That's why the new "peas and broccoli" is Obama 2.0  
We must eat our vegetables to stay healthy  
Just as the "broccoli" of Washington is health for the country  
You can start your jeremiad, right now  
The remedy for all that is in Obama 2.0  
Anything else is a lie, for the body and country, that's unhealthy!  
Enjoy Obama 2.0
