

Gratitude

Much love and thanks to: Anthony “Tony” Fogle for encouragement and tough love when I needed most and typing the transcript.

My big brother James “Cuddy” Vick for having and keeping faith in me in some very trying times.

Emmit “Mickey” Stokes who was an inspiration and kept pushing me when I wanted to quit.

Ronnie Watkins-Bey for sticking by me and never giving up on me in very trying times.

Jeffrey “Turtle” Elam for always being there for me through the toughest of times.

Luther “Bernie” Strang for being family and friend.

Authur Feaster for keeping it real, and making me see the potential in me and going the additional step to help me bring it out.

Marvin “Taz” Montique the gemologist by trade but a priceless gem to me and positive motivating force in my life for such a long time.
