Dear viewers,

Hello my name is Jennifer Johnson. My son Joshua ~~is~~^{98.} died when he was four months old. The autopsy doctor stated he thinks he died of Blunt Force injury to the abdomen, which I am disputing because nobody in my house-hold wouldn't abuse Joshua or any child.

The STATE of Georgia denied me of a second expert opinion cause of death. A couple of red flags came up after I was denied. Also Joshua wasn't progressing physically like a normal four month old. The autopsy doctor also stated he had pneumonia. But his pediatrician said he only had a cold.

I am trying to find out the true cause of Joshua's death. By asking for any donations. The donations will go towards the following:

1. Stamps, envelopes, paper and pens to get out cover letters to lawyers asking to take case. Cannot send tangible items concerted contraband. I have to purchase off inmate store.
2. ^{open up} Blogging sites and legal web-page to get the fundraiser more exposure
3. E-mailing lawyers that have E-mail address

any assistance or information that can help me ~~and~~ would be greatly appreciated. Thank you in advance for your time and assistance. If you have any question feel free to contact me at the following address

Sincerely
Jennifer Johnson
