

Los Angeles Cop - Christopher Dorney? !!! 2/10/13

Was fired for doing the right thing. People, People, People of Los Angeles. Lets not forget that while the LAPD is, theyna sweep under the rug Chris's public-tell all!

This is a case of white supremacy within the LAPD.

Its TIME to Break that shigidy up Feds. Its time<sup>to</sup> get rid of this regime that breeds terrorism, like any other regime that breeds terrorism. Its gotta go!!!

I feel Chris's pain, the man served this country in the Armed forces, came home to put his life still in harms way to protect and serve some more, by patrolling LAs drug, gang infested streets and provide safety and security to the Los Angeles citizens, still doing his job on the job files a report on co-workers not doing her job, safety and security of the people, by the people was not her mission, or code of ethical conduct, due to <sup>the</sup> mishandling of a mental retarded citizen. She shouldie been reported and filed on; Chris did the right thing, by <sup>(it is)</sup> not taking responsibility of her actions; being a woman, she has cause much grief, pain and heartache for the dead victims family and Chris's family, she will never come to a good end. And dont know how she sleeps at night, People, should ask L.A.P.D. is this how their gonna go about treating good officers on the squad? Black officers' particularly. Do they really have to become a Monkey? That sees no evil, hears no evil, says no evil? "Yessah" BOSS, "He doeth thou no wrong". If he smite one cheek, turn and give he the other. People, People, People, I see the L.A.P.D. slyly theyna use the media to paint Chris as a terrorist to get peoples mind off the Root of this problem Dont fall for it people. We wanna know why? why? why? what? what? what? And ask the

the questions in public, so everybody can get a chance to hear the answers, and analyze situation and get a take on all of what is really going on. Bring everything to the fore front, Doreney family, ask questions out loud, Don't go behind the close doors and talk, go to the media and say what you gotta say. Air out they dirty laundry! Pull the sheets off they heads. No matter how this <sup>may</sup> ~~end~~ finish what chris started - the dead victims family are wanting justice and you make sure you get justice too. This L.A.P.D terrorism has been going on too long. Looking back, they done beat up Rodney King, Killed the King of Rap "Biggie Smalls": 1997-99, while out in North Hollywood, CA - Muren Valley area, they had killed a 911 caller, who was needing their assistance and they came out to only kill him, nothing was never done about that. Some cops had killed a innocent person one time at a convenience store while in they own car - sleeping, was awake by pounding on the car went to reach to roll window down as was fired on like 50 shots, killing person inside car. They thought person was reaching for a gun. (person killed was black) License to kill; they need to be stopped, the L.A.P.D require is Dangerous and Ruthless and is full of KKK white supremacists, hiding behind police officers uniforms. Feds, this is involving a servant of this country, for this country and it involves terrorism period, whether coming from chris or L.A.P.D. just like this country go after terrorist abroad and dismember the regime. We the people, expect the same here, starting with the L.A.P.D. lets get it broke up and disfranchised. and bring on PEACE (Manifesto - reaping what you sow, L.A.P.D.)

My diet is not a blog.

Stop and go, make things stop, make things go. Stop is wrong - go is right. They do not have the capacities of the mind after being 10 years on earth, secluded in a house with parent/s. Know all the weight and definition of a right choice and a wrong choice. Americans have gone to molesting, to killing kids, now putting in prison for crimes caused by an adult technically. The little boy do not belong in prison, extensive counseling, some toys, loving care, counseling on harm and effects of gun use age limits of gun-holders. He was not suppose to be subject to guns or gun use. You live by the sword, you die by the sword is what I've always heard growing up. I was asked one time why do muslims strap bombs to their children? I said, the same <sup>Reason why</sup> ~~way~~ <sup>(Christians)</sup> we Americans, kill, molest, and ~~now~~ put in prisons. So theres really no difference to how either country destroys their youth; Kids. About 95% of the female prison population has been molested by an adult, as a child and about half are in here for child crimes or violence to a child. This is just on one prison unit. you got about 6 other units for females in Texas or maybe more. I knew of 6 other... why are Americans destroying the growth of their youth? Then, when the answer is found, then we can ~~ask~~ go ask questions, why other countries strap bombs to their children? White supremacy destroys, whites as well as blacks and humanity.....
