Gold Fish1871,

d First off I want to say thank you for doing the transcription to my post. I just recently found out what it ~~me~~ means to transcribe a post and I can't get over the kindness of all of you that do that for us...thanks again.

You also mentioned sending some of the song lyrics I mentioned in the post. I haven't recieved any as of yet (2-19-1013) but I've been on the look out:).

I wanted to let you know i'm very curious about the music you listen too as well. So, if possible can you send me the name of some of the bands, artists, or backgrounds on the music you do listen to...I'm very intrested.

I believe one of the greatest things about this blogging platform is we are all exposed to new ideas and information so I love to take advantage of that when possible I'm going to end this here but take care out there, thanks again, and I hope to here from you soon.
