S.A.H,

How are you? I hope you are doing well. I have been expecting to hear from you but nothing as of yet. The information you sent about the laptop was very helpful so I truly do thank you for that.

I will be out within the next year or so, so I'm trying to get up to speed with all that I can in hopes of not being too far behind with whats going on out there.

For the most part I just wanted to say I hope your doing ok out there and thanks for the info. Take care S.A.H and I hope to hear from you soon.
