Your love is wonderful, your kisses are sweet,
Your beauty is radiant, it's all I dream of when I sleep.
You stayed by my side, through the thick and thin,
You comforted me, when I felt the pain within.
You assured me, things will be alright,
Eased my worries, so I could sleep soundly through the night.
Sent me love letters, and enclosed was a kiss,
Sent me cards, letting me know what you miss.
You are my diamond, that is oh so rare
But your heart is sensitive, so I'll handle it with care.
I dedicate this one to you, no need to say your name,
You're like some medication, I take to relieve the pain.
Your eyes shine like one of the brightest stars,
Your smile is irresistible, I love you just the way you are.
If I could give you the moon, and stars in the sky,
I would, but can't because I can't reach that high.
Baby this one is for you, my one and my only,
My one true love, where there when I'm lonely.
When I'm down, and stuck in a depressed state,
She comes to rescue me, before it's too late
You are my guiding light, the one that got me through,
So I'm taking time out to dedicate this one to you!
