So people are saying lets put armed Guards into our schools. Really? Who thinks this is a good idea? So we can have more gun floating around the school? what happens lets say if the guard gets killed? that one more gun for them to use.

Everyone is so scared of losing the Second ammendment. Obama and the Vic president are saying take all Guns away. They belive like most that we dont need assault rifles on the street. what is someone going to do with an AK 47? Hunt deer & dont think so.

I belive in the right to bare arms but & dont believe everyone has the right to bare arms.

Did you know that most of the people who have shot up the schools either them or thier family own the guns. Still think what the president is doing is wrong?

If we started to pay more attetion to our kids we wouldn't be having so many school shootings.

Handing a six year old a cell phone or allowing internet access does not

make them adults. We need to pay more attention who, how and what the kids are doing now a days.

there is so much bullying and cyber bullying to our kids now a days we wonder why they snap. They have no sense of family life.

How many parents are in jail or just don't have time for their kids?

Sit down with your kids, spend time with them. I wish my parents had. maybe if they payed more attention to who or where I was going I wouldn't have done what I wanted and got caught up in something I couldn't get out of.
