

Retic.

Thanks for the letter! Btw, my new cell # is 3332. Glad you liked the drawing. I really should draw/paint/tattoo more often but its hard to stay motivated. Especially when I'm so preoccupied with my writ and my potential future. I'm expecting to get my copies sent in early next week - 12 of them! - and I plan to file that day. I was wondering: do you read? Not "can you" - do you? - You probably don't have the time. I have nothing but. I read way too much, but its a convenient escape for me and I want nothing more than to get my face out of here for a bit. Well, I can't really say "nothing more" but nothing more in my reach. I'm reading "SWANSON" by Robert McCammon. Its about nuclear holocaust and the end of the world, which, to be honest, doesn't sound that bad right now. This planet could use about 5 billion less people on it anyway. I'll start a list. While I'm thinking of it: can a friend of mine send you a friend request on FB? I'm in contact w/ him & we can talk thru him. Is your FB under Retic Taylor? Let me know & I'll write to him. Or call him when these phones re-ignite. The phones have been mostly down for the last few weeks. Anyway... I'll end this for now. Talk to you later.

P.S: Say hi to Ray next time you talk to him. I haven't seen him in 15 or 18 yrs but I always liked him.

P.P.S: Got any photos to send me?

PPP.S: You live in Mojave now?
