Dear Kodamom 23

Good morning! I hope my reply finds you doing well and having an absolutely wonderful day. Last night I received your kind comments. Thank you so very much. It's people like you, who have a compassionate loving heart that counter balances the sick vindictive humans among us. And there are far too many of us non-compassionate, vengeful, evil minded, hateful humans. Unfortunately our numbers out weigh yours, and until that changes the death penalty, murdering in the name of murder will always be. In 33 days Florida will murder its 73rd human under the mantle of justice Larry Mann. What can we do? One thing's for sure, America would rather spend millions of dollars, acting out vengeance, exterminating its citizens, than spending that money on rehabilitation and education. Please take care and thank you again for your comments.

In Peace + Love

Ronnie 😊
