Hobbies/Interest:

I have always been a lover of Animals, a quality of life that I learn to appreciate from a very young childhood. Also most recently I've become very interested in the art of Origami so at the present I spend alot of time when I can trying to learn as much about it as I can, when I'm not busy with my case. So is there anyone out there who can share with me whatever they have on this subject?

Sports & Recreation:

I enjoy sports such as Football, Baseball, Hockey, Basketball, and have recently become interested in Soccer, but it's a little hard to get into since it don't come on T.V. that much plus I don't really have anyone to teach it to me, well I do the best I can.

Dreams and/ or Wishes:

To meet and maybe make some life long friendships no matter where they might be in the world. To hopefully bring some light and attention to my situation here on Pennsylvania's Death Row, Please do check out my website listed below.

A bit about myself I like hopefully new friends to know about me:

I'm a caring understanding person, open minded and easy to talk to. I was born and raised in the city of Philadelphia, Pennsylvania where most of my family still live. I'm single never married nor do I have any children. I have a couple of niece's who I love very much and are the next best thing to having my own children. I love to learn about other Countries, Peoples and Cultures around the world and I'm interested in corresponding and developing long term friendships with good hearted people who are against the death penalty no matter where they might be in the world. So for those who are seeking unconditional friendship, who are interested in maybe developing a long term friendship with me, that can allow me to see the world through their eye's. I assure you that I'll reply to all email & snail mail letters that I receive, so I'll be looking forward to hearing from you soon, contact me by email or at the address listed below:
