The world will never be told and/or think, Insha'Allah, that, I, Ras Uhuru, gave up and lay down.

When the fire got hot and hotter, I soldiered on.

And never will it be allowed to be forgotten, the stance.

For I am a student of the clan of the KMT Phoenix.

And even if I never fly again, I never was afraid to be up there on that cliff.

And bathed in the world's fire.
