If I had to Choose
By Nick Lear

VERSE 1:

When I look into your eyes

It moves me baby, deep inside

My heart pounds and I know it's true

It's love girl, honey I love you

CHORUS:

If I had to choose between

Breathing girl and loving you

I'd use my last breath just to say

I love you more baby, every day

VERSE 2:

Oh girl, the way you move

Gets my spirit dancing, I dig your groove

Hey there darling, can't you see

Take a look honey, at what you're doing to me

VERSE 3:

Hey baby, you beautiful thing

I'd give it all to play in your game

Hey darling, see what you took

You stole my heart with your very first look.
