

MISTY

ONE OF the many good decisions you have made in this life was deciding that the person I was back then, was NOT good enough for you and our Son and Daughter. You and the kids deserved so much more than I was able to give. I know our lives together WAS AT times dark and confusing but I hope, I WAS Able to break free of my darkness and you felt my love for you. I hold a lot OF PAIN in my chest for the way I treated you. I wince with regret every time I think OF You and the kids because I failed in so many ways. I am sorry for the things I did and for the things I should have done but didn't do. I couldn't list all the things I wish I would have done for you, Casey and Courtney, because life isn't long enough. I am sorry for leaving you to raise CASEY and Courtney on your own, AND I can't thank the man you fell in love with AND helped you raise Casey and Courtney enough. I hope you're happy, with lots of love and light in your life.

Sincerely

Roland
