

# NO# FCC Proposal

\* March 12, 2013 \*

IN HERE THERE'S A LOT OF BACK STABBING, A LOT OF VIOLENCE AND YOU MUST ADAPT. ONCE YOU ADAPT, YOU BECOME NO DIFFERENT THAN THE REST.

IF YOU'RE NOT IN CONTINUOUS CONTACT WITH YOUR FAMILY IN PERSON OR ON THE PHONE YOU WILL LOOSE TOUCH WITH THEIR LIFE, YOU'LL CHANGE AND SO WILL THEY.

I DIDN'T HAVE ANY PHONE CALLS OR VISITS FOR SEVERAL YEARS, THEN ONCE OUR PHONE PRICES WENT DOWN AND I STARTED CALLING I CAUGHT MYSELF MISTRUSTING MY FAMILY AS IF THEY WERE INMATES TO.

I USE TO THINK MY FAMILY HATED ME BECAUSE I COULDN'T CALL THEM, I EVEN ATTEMPTED SUICIDE, THINKING THEY'D BE BETTER OFF WITHOUT ME.

That's my story in a nutshell.

As far as ideas for our phone system, I only have a couple ideas: (3 ideas)

- #1) NO CONNECTION FEE.
- #2) ONLY CHARGE BY THE MINUTE, OR BY EVERY 5 MINUTES. IN WASHINGTON ITS \$3.61 EVEN IF YOU'RE ONLY ON THE PHONE 30 SECONDS.
- #3) IN THEIR STATE ENTER IN THE MIT A

Okay, that's what I have to offer. I hope you guys find some good ideas and put them in motion soon.
