IM BARCCK

So, What now?  
I'm Confused.

Tell me,  
What should  
I do?

Maybe say,  
Frik this Scat  
and Give up?

ya know  
Get hostile  
and be  
Like:

Darn You  
Muddy, Loose  
Lady, Dont  
Frik-N-Frak  
With me  
No Gall Darn  
More.

**GLAM!**

**NAH...  
I CAN'T  
DO NUTTIN  
LIKE THAT**

I Won't  
MEAN  
It.

any  
advice?  
anyone?

I'M  
Listening

So, as you can see  
I havent Replenished  
my Supplies Yet.

Still the Same  
Tiny, clappy, annoying  
Paper; No Ink, No  
Good pencils, only  
Pastels, a few Paint  
Pens and Crayons...

I feel  
Like  
I've  
Robbed  
a little  
Kinder-  
Garten  
Class

K-1  
Art

Not one  
Pro art  
tool in my  
Place

empty  
Shelves.

Just over 5 Years Left here  
Then I'll Be Back to making  
Animated versions of Hijinks  
as well as Strips.

well that's enough  
of that Clap..

Been Running  
like crazy  
and Seeming  
to accomplish  
Nothing  
for the past  
Weeks.

Did Realize  
a fact I had  
over looked  
for a long  
Time...

The People In This General Area Of The World are Totally Ignorant of why Life's So hard on Them

like If You See them Stuck,

Ya Know Burried in Quick Sand or some thing

SAY YOU TRY TO help, Offer a Solution to Their Situation

a life line To better Their odds.

you quickly find That They are Ignorant of the fact that there IS Quick Sand, That they are indeed Stuck, or That They are quickly Sinking

The only Thing They are aware of IS, That; You are Pulling On them and They **HATE IT!** Their Take is:

"You're a moron! I'm a master at every thing and I'm Infinatly Smarter Than You. You Dont Know Nothin' Bout Nothin' How Dare You Interfere with my Genus at work!"

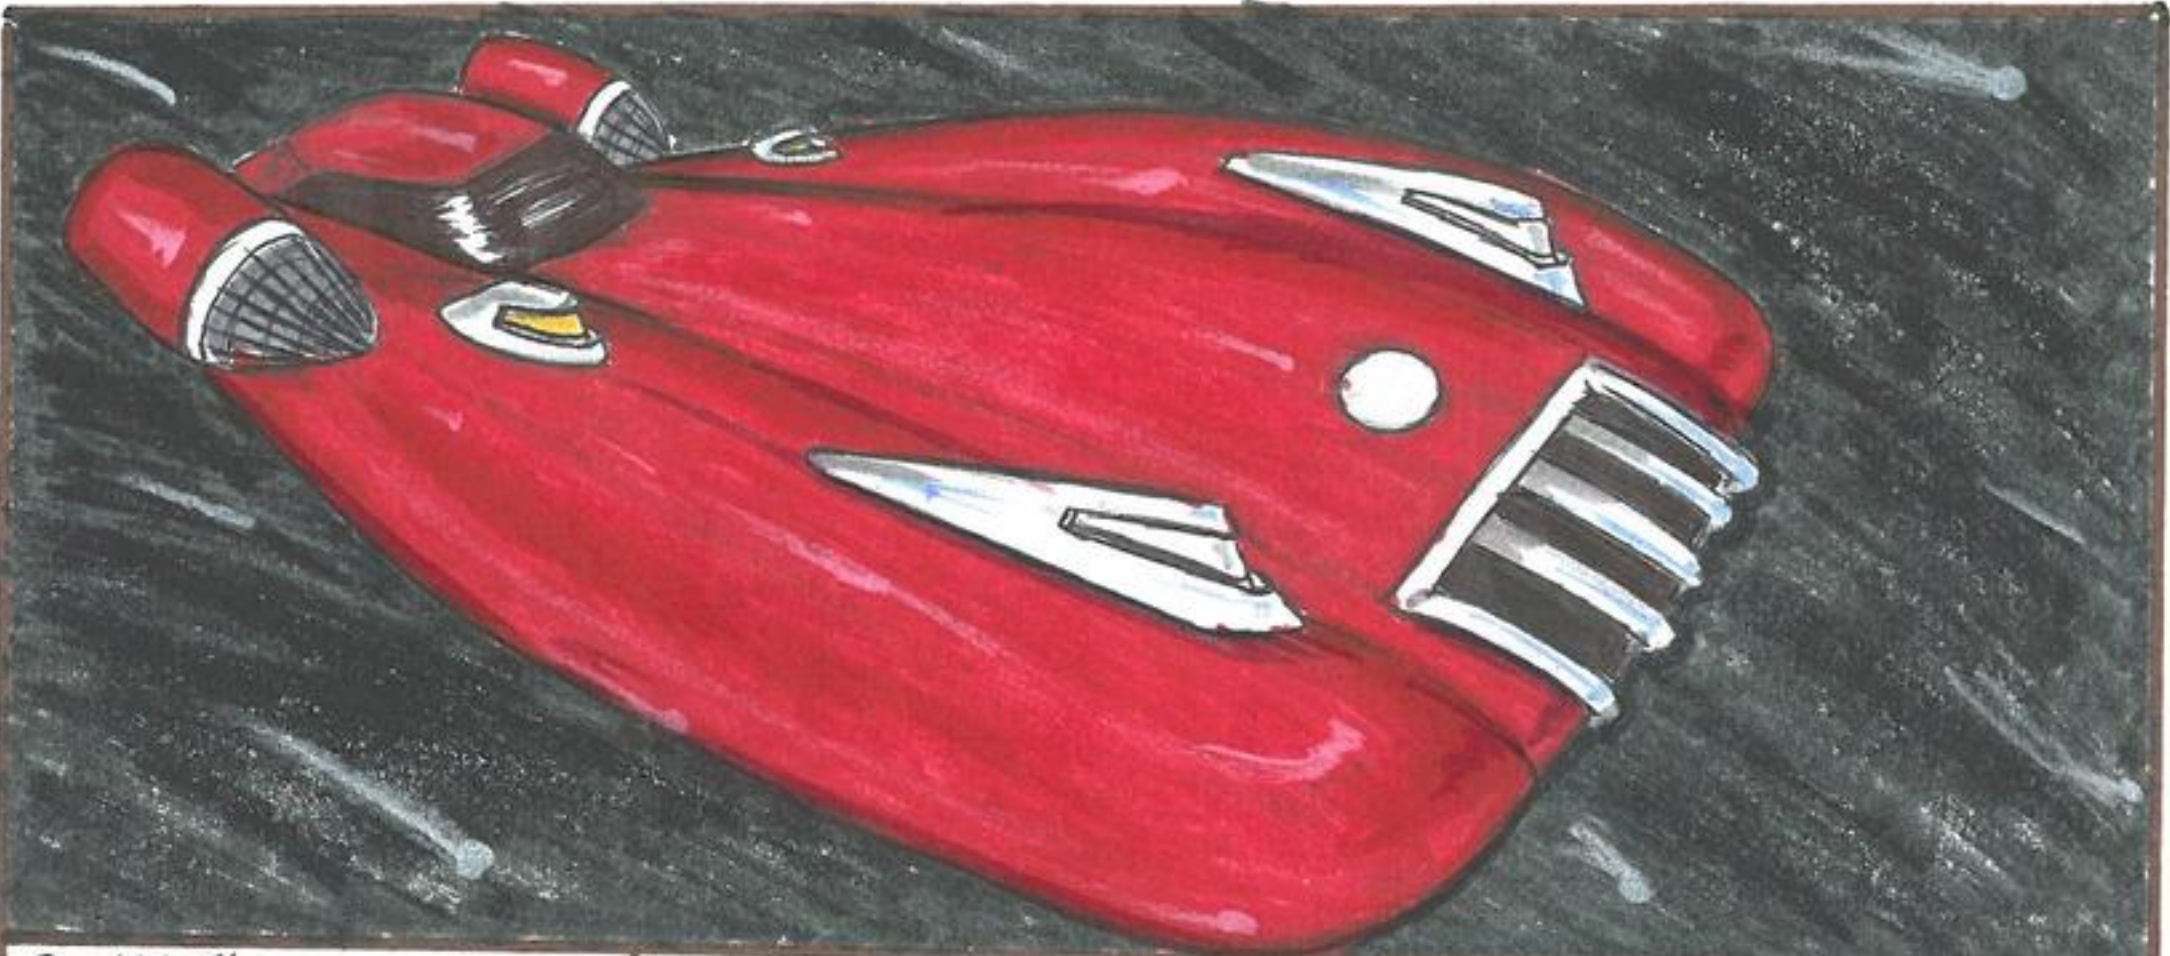

Yeah, They have a case of The Big head.

anyone know astro-physics? I have a Serious question that needs explanation.. Hell, all opinions will Be Considered.. every body answer Get your friends to answer too.

SAY I'M IN MY CAR.  
SAY I'M CRUISING  
AT THE SPEED OF  
LIGHT. IF I TURN  
ON MY HEADLIGHTS,  
WILL I BE ABLE TO  
SEE?
