RE: BLOG FROM WITHIN THE GULAG

Dear Concerned Reader:

I once read somewhere, wherein, the author of the information stated, the beast likes dark meat, that might have been absolutely true at that specific point in area'll time span of American existance.

However, now in this particular area in time, the great gulags of America, will settle for whatever human flesh that it can be fed to devour. It would seem as though America has followed the course of the totalitarian dictator Adolf Hitler and is seeking world globalization of the human traffic slave trade for profit, the indusrialization slave trade of human cargo, which is, the worlds oldest and most profitable cargo of all.

Ask your self, now what is more horrific that that of moral turpitude of the American State Prison Capitalist. American State prisons has roots in the geat America slave trade. In fact in the year of our lord 1861-65 during the Civil war, prisoners were niced out in furtherance of contenuing on with the American slave trade, these are not my facts, but American historical facts that are being repeated right before our own eyes.

There are federal Statutes in place to punish corporations that are engaged in, and that are further profiting from slavery of another human being in America. So why are'nt company's like Global-Tel-Link, Bank of America, IBM, Union Supply, Walkenhorst,

Access Securepack, AT&T and so many other corporate stores that are profiting from American human traffic slave trade?

I see now why American political figures are in fact of matter, pointing an ugly finger at other territorial Countries that are involved with human trafficking, America feels that, this is the only Country on the planet that should be allowed to engage in the slave trade, and the less competition the greater the profit to all that are involved.

America's gulags have entire families enslaved, parents and kids as well, and prohibit opposite sex relations, but, however, strongly encourage same sex relations even while enslaved, even, guards encourage this and participate with prisoners. I Now wonder which set of individual people are right, opposite sex attraction to one another, or same sex attraction to one another.

I dont know which is right and which is wrong, me myself I could care less who had sex with who, however, I wonder why politicians would spend so much time wondering about who get marriade to who, instead of the growing human slave trade and growing gulags. But these are words from a captive slave, held in violation of previous contracts with a slave master, known for breaking contractual agreements.
