SATAN BEGONE!!!

This is an essay/satire on how easy it is in this country to kidnap an innocent indigent and hold him falsely imprisoned in bondage under a sentence of death for over 30 years; without fear of getting caught or prosecuted for your criminal behavior. Otherwise known as the Government's hidden agenda of projecting a moral stance that can be argued as being the lesser of two evils. To join this criminal coalition you must swear a silent oath to the gangland mentality of not snitching or testifying against your constituents when unethical behavior is shown to exist. In other words: sell your soul to the devil... It appears to me mainstream media is a major player within this coalition. Since it seems none of the media giants want to report on the overwhelming evidence of racketeering by a faction within Florida's legal community. Which is a criminal enterprise that functions with the arrogance of those protected against prosecution through sanctioned ~~immunity~~ - immunity for their crimes against humanity. Even to the degree of committing premeditated murder of those they know to be innocent. So maybe I have been appealing to the wrong people, and this country really is the great satan. As it does appear most have sold their souls for acceptance into the exclusive country club that influences and controls the masses through deceit... I now welcome all anti-government responses to my plea for help to escape the snare of the great satan...

Respectfully,

Milo Rose
