Dear SAH: You are probably some self-declared-commie-pinko-socialist-save-the-whales-lesbian-free-hugger. You are a man hater and probably adore Oprah. Go Fuck yourself. You are the problem with women and dating in this country. It is why us REAL men go elsewhere.

I don't know who hurt you in the past or why and I couldn't give a shit. Grow UP, GET UP, dust yourself off, declare yourself a victim-NO-MORE and go ENJOY your life. Sorry I can't fix your closed-minded lunacy - but that's the problem with your kind.

Oh - and by the way, I DID work an honest job, I made PILES of money and I did take care of my family.

Also, you obviously follow NONE of my other posts as you would then understand that I write tongue-in-cheek for the purposes of ENTERTAINMENT.

Maybe you could call Jerry Springer? He can teach you what most folks call a "SENSE OF HUMOR"
