

"Death Penalty"

March 31st 2013

I'm going to share my (Views) on it here in the State of "FLORIDA". First off I don't agree with it at all. Let me ask you people, a serious question think about this before you answer it.

If a male rape and murder your mother. Will giving him the Death Penalty bring her back?

I was told by some of my family members this is what happened to my mother. Is it true? I can't say for sure.

But, what I can and will say. To take a life when a life has been taken is revenge, not justice point blank. Now, I don't support their violent acts but, I feel they should get a (life sentence) without NO Chance of parole. To me killing the person is a easy way out.

On top of that Department of Corrections staff has executed a lot of innocent inmates in the past to.

Now how can they justify this type of behavior?

When loved ones or so-called friends get murdered yes, it hurts us mentally, physically etc. Yet I can't accept the judgment that their killers deserve to be put to death.

This merely perpetuates the tragic, unending cycle of violence that destroys our hope for a decent society.

"I'm open for any opinions and comments".

P.S. Will you add my submissions to the blog Post Charles De'Tar?
Happy Easter girl
