

"Poor living Conditions"

The clothing issued here are horrible the state blue shirts and state blue pants are permanently stained with ink, paint, rust and the list goes on. And they are passed out weekly by the pigs and the (General Population Inmates). This is inhuman. The T-shirts, boxers, socks, sheets, pillow and pillow cases all are permanently stained with urine, blood, feces, oil as well. The state mattresses are ripped apart with stained urine and feces on them plus the cotton is falling out of it.

This is very "poor" living conditions inside these prison walls! "I'm worried about two things:"

The Present "Will I meet someone in here or out there to help me overcome my tragedy of my (four family members). And will I find "correspondence" and "financial" support again.

The Future "Will I make it out of here alive and, not get killed by one of these pigs. Because they've killed tons of inmates and, got away with it. I hope, I don't die in this hell-hole before it's time for me to E.O.S.

P.S. I'm worried plus concerned about these two things "And I should be".

The system has always been crooked and it will remain this way and the pigs who work for it is crooked to it needs to be rebuilt from the ground up.

"That's the Truth".

This is what I mean when I say we need a New Revolution

"Here in America"

I'm open for any opinions and comments.
