

The Poisonous Animal Eater

God, in the Bible, through his prophets, has condemned the eating of the poisonous animal (swine).

Leviticus 11:7-8: "And the swine, though he divide the hoof, and be cloven-footed, yet he cheweth not the cud; he is unclean to you. Of their flesh shall ye not eat, and their carcass shall ye not touch; they are unclean to you."

The dietary law given in Israel by Moses is true today. Israel was given the proper food to eat Jehovah approved for them, and that which was forbidden to eat we should not eat today.

The Christians have said that since Jesus the swine is good to eat because Jesus made it good in his teachings. But this is all false and a shield for the Christians, passing the divinely-prohibited flesh of the filthy swine. They even teach you that he has a portion in his flesh. They call it the trichina worm, that is only revealed under a microscope. High school children have microscope sets to see this worm in the flesh of swine. But yet they eat it. Why? Because their teacher ate it and their teacher was the slave master and his children. The White race teaches that we should obey the law of God, but they themselves disobey. And they want you to disobey the law of God. Why? Because they are the devil-opponents of righteousness and all the right laws given from the author of righteousness. They want you and me to disobey Allah's laws, so that we will come under the curse and destruction of Almighty God, Allah, as they know they are doomed and they hope that you and I will suffer the same.

Through the eye of the microscope, we see this poisonous worm, that will creep in our own flesh if we eat the poisonous animal, swine, hog, or whatever you may call him.

The nature of the hog is to eat and thrive on anything edible — filth, or clean food. But, clean food will not remove the pork worm (trichina). The worm travels from our mouth into our stomach; from our stomach into the walls of the intestines; from the walls of the intestines, he weaves his way into the muscles of our body, from there, into the spinal cord and up to our soft gray matter (brain). He is there to stay, until the preacher says, "from

dust we came, and to dust we returneth."

The hog or swine causes many ailments of various symptoms (diseases) mentioned. Medical scientists know what has caused these symptoms that we are troubled with. The medical scientists know that the hog is unfit for our consumption. Medical scientists also know that the swine will shorten our lives. But, medical scientists also know that they can get rich from the effect of the swine in our bodies; as the hog raiser can get rich by selling 100 or 200 pounds of poison that will take us away gradually. It does not take us away quickly, but gradually. The pork worm will finally bring you and me to our grave.

No to think of eating the swine. Leviticus mentions in the 8th verse that we shall not even touch the carcass of the swine. But, we are not only touching the carcass,

we are eating the carcass.

Isaiah 66:1-2 condemns the people who think it is all right to eat the swine, just because White people eat it, and they think they can be holy in the presence of God, or in a religion they call Christianity (which they received and have been taught is a God-verified religion). This is wrong. God never verified Christianity as being His religion. If He did, He changed His Mind when he taught the prophets to submit to Him. His religion is entire submissive to Him. The Arabic word for this is Islam, which means to submit.

There are so many little new groups that call themselves sanctified, holy, re-sanctified, Christified, and Godified. Such people should read this chapter, Isaiah 66:1-18.

They that sanctify themselves, and purify themselves in the gardens behind one in the midst (the one in the midst is

the preacher, inviting them to disobey the law of God), eating swine's flesh, and the abomination, and the mouse, shall be consumed together, saith the Lord.

D eat it for you who eat the swine. God will not accept swine eaters as His people, after knowledge that the swine is a divinely-prohibited flesh. The hog (swine), God has taught me, in the Person of Master Fard Muhammad, To Whom praise is due forever, was made from the grafting of cat and dog. The rat is mentioned in the above quoted verse of Isiah, but the cat and dog are not mentioned. The White theologians knew that if they had given the names of these two animals (the cat and the dog), you would have probably not accepted the hog. But, Who is better knowing than Allah.
