Hey John,

Glad you like the drawing, I'm trying to move away from the skulls and do animals and things that the women will like. Like the tigers raccoons and you will be seeing some of my birds coming soon. I've got a problem getting them copied. I received your letter last week and responded back. I hope you received it.

I went to rec yesterday. First time out in 7 months. I hope to get out of here this coming week. My mom said we've got our visits back, but I'm hearing different from classification. I didn't get to see her this week, my neighbor did, and she told him that she had to get with someone higher to find out, so I don't know what the deal is.

Well my friend I'm going to bring this to a close. I'm trying to get everything done this morning. want to watch basket ball later today. you take care of yourself. Keep your head up and stay out of trouble.

In Peace Love  
and Friendship.  
Tomie
