

Keisha:

Straight out the book

I knew this chick named Keisha.

She was a soul sister and a beautiful
creature.

With most places she goes to dinner.

Dresses upon dresses, dresses upon dresses.

Cause she never adjusted to what love
was or what it wasn't.

Soile an A-1 contender she kept going.

Regardless if it's for the latest fashion,
or a fist full of moolahs

she kept going.

Known to be the life of the party,
the sister that never rejects.

From the moment she morphed into a woman of
sweetness,

life became an act of sex.

With nose Selena Johnson lips,
Kelly Price lips.

Or she was well respected.

Cause now will she allow you and your boys
be neglected of the gift known as
Diddy Macbeth).

Obnoxious she was and never done to take the test
cause Keisha had heart!

Until Doctor St. Joseph informed her
soon her world will become dark.

2 more meals she swallowed,

2 more night spent as
a sex model.

On or -

Now days swallowing pills are the procedures
one must follow.

In order to sustain life another day.
Not thinking about the child inside
Nurse Klein wasn't sure
if she'll be able to store into it safely.
So she cries alone and prays to God to
Bring her home.
