

# "Love is imperfect"

My problem all these years is that I've been looking for that perfect love. We as humans are imperfect. That's our nature. So no love is going to be perfect. Love isn't suppose to hurt. This is true. But as imperfect beings we cause pain to those we love the most. This isn't how it's suppose to be. But this is what it is. I am far from perfect. As far as I know the last perfect man to walk this earth was Jesus Christ. So I'm no longer looking for perfect love. I'm now looking for the love that's perfect for me. With all her imperfect flaws. I need someone willing to accept this imperfect man with all my flaws. I know that we will have more good days than bad. More laughs than frowns, and more ups than downs. Being that love is imperfect. I can only promise to give you my all. So if you're willing to go on this journey of imperfect love with me. Let's go. I'm ready.
