

Understanding Punishment Part 1

Most people think being locked up in jail or prison is easy. That is a myth. The inmates go through being oppressed by other inmates and staff. When one inmate mess up everybody suffer. Which is wrong. Every man ~~is~~ or woman is responsible for themselves. For instance, there was a situation that happened last week; to this elder lady named Mrs. Green.

Inmate Green lives on A-hall. She was in the shower cleaning. When Inmate Bynum came from the other side of the building from C-Hall threatening and yelling, all up in this elder inmate Green face.

I told Mrs. Green to ask the officer could she go to security. To talk with a Lt. When Mrs. Green went to officer desk to ask if she could go to security. The officer said she didn't give inmate Bynum permission to be on the other side of the building. The SOP says ~~the~~ unauthorized presence is a high disciplinary report. The repercussion of unauthorized presence is a DR or isolation lockdown). The officer sent them to security. The Lt on duty put the elder lady Green and Bynum on room restriction. But why would inmate Green be on room restriction. When Bynum made it her business to be unauthorized and using fighting words in this lady face on her side of the building.

Bynum crime consist of her getting into elderly man vehicle threaten to kill him if he didn't give her the money. Nobody gave Bynum a disciplinary report. Just room restriction. Plus ^{The} elder lady ~~is~~ Mrs. Green to her room. When Bynum could

have harm Mrs. Green. This is situation where a inmate goes to security for help instead gets punished.

There was another inmate named Dockey got sick Medical nurses came to the building they also took her to medical to do nothing. They wouldn't even take her vitals. There is a lot of people who don't care about inmates but they come to the institution to work for a paycheck. These people are so clever when the big dogs come ~~into~~ in to see if the institution is being run right. Everybody paints a good picture oh boy, when the top people has left the institution. Everybody in staff is back to ~~the~~ old behavior punishing the undeserving. People needs to be concerned about their Taxes is going into a lot of foolishness like this and how they family members being treated behind the walls. Instead of turning your back on them for whatever reason.
