

The IMAGE of The White-Jesus-God!

Truth SHALL be told...that!!!

This is the main reason why black folks hate each other! why?
this is why? (Images of the white Jesus God)

This is why everything negative is connected to black folks and
everything positive is connected to white folks such as:

- A) Financial success
- B) Academic Success
- C) Leadership
- D) Intelligence

This is why self worth of the black men and worthy of others in the
black race is held in low esteem, looked upon as an inferior being.
not that: If the original religion handed down, that was handed down
for the blacks would have never been taken and ripped away from
their ancestors from West Africa, the blacks today would have
known in this day and time that the true god, the God A.K.A. Allah
in Arabic and also in the language ^{that} the real Jesus spoke; aramaic, "the
God is referred as Allah, Revealed in surah 94: Have we not
expanded thee thy breast for you. (increasing your knowledge - giving you
the abilities to endure what evil throws at you.) And did we not
relieve you of your burden (e.g. when people like Marcus Garvey, W.D. Fard

Mohammad, Elijah Muhammad and now the Honorable Louis Farrakhan ~~sent to~~ to
guide the blacks out of the darkness into a brighter light, life; to help
the ones who were suffering, were in need of high esteem, Independence
and so on.) that was breaking your back and raised high the
esteem (in which) thou art held So, verily with every difficulty
there is relief. Verily, with every difficulty there is relief. Therefore,
when thou art free (e.g. from your bondage of mental slavery and anguish)
then go exert

yourselfs, worship, worship and give praise to thee almighty, ②
cherisher and sustainer of all the worlds in the daytime and all
in the nightime.

The picture of the white jesus-god was used by white supremacists
as a method of a way to oppress the blacks in the early days
of slavery, was made to believe the darker skin was inferior, because
god-jesus is a white man. The psychological effect was to make
the black-man submissive, the effect has evolved to worse side
affects. Black people, blowing the brains out, of other blacks in cold
blood in ^{the} streets, using assault rifles and guns. The psyche has
been conditioned and taught black, is the worst kind, and the enemy.
The black folks, i.e. in Brooklyn and Chicago work hard to kill
the inferiors which are the black race, which is the black race.
due to this Image of this white god(jesus) how else would it
be possible that the white racist, particularly the Klu.Klux.Klan
can desire to kill off all the black people, but have the black
people "doing all the dirty work without asking them to do
it; without even coming in contact with the black "people" to have
them commit these heinous crimes on other black folks.

Note that: This is one of the most cleverness tricks, ever pulled
off by evil using the white man. To put a Holy figure such
as a God, displayed as a white man. Who would've dreamed/knew!
Someone hated "the God", this much, to go and deceive a nation
of people to uplift they own self esteem and destroy another,
flashing back! I guess you can say it all was made to make
sense cause how else would one race be able to rule over
another race, seem like ongoing for 600 years^{now}, lets see,
400 years ago was slavery from what year to date? Anyways,
and this Image is still in the minds, causes causing self
destruction and destruction. Things will not ease for blacks
until this Image is Remove. There will be no peace. →

Reason being, Truth be told.. If you have "no facts" to prove that blacks are equal and have made important contributions to mankind, then what is your subconscious mind suppose to think? Awake black folks! why do you think of all things to take out of the schools. The white folks want to take out the studies of Black History isn't that Cold blooded? Out in the cold! And to make it so bad you probably got black people looking at the removing of Black History from schools as No Big deal, They're probably tired of hearing about slavery anyways. Reason why there probably will be no big fuss or protest about the removal of it. Black History is more than just about being enslaved physically. But for some reason black filmmakers stuck on the enslavement part. White folks are stuck on the power-oppression part of it. Its more to black history than these two segments, Except spike lee, brought attention to a good part of Black History with the movie Malcolm X. Again, If Images of Black People (Black History) is erased from the minds, It will conclude that you are inferior and blacks especially will act and think that way even if one does not realize it. As long as the Image of your god in your subconscious mind is white, you are not equal to the white man nor will you act like one because you can not defeat or compete with "God" as his human representation..

Truth be told.. - I too, was a victim of this falsehood, reason for my incarceration, self-defeating attitudes and self hate. All praises and thanks be to the true god of the Universe, I was guided into knowledge. And until my death I will continue to spread the knowledge and unfold the truth over all those lies; and the major main lie was the identity of Jesus and God. This was a cruel and unusual punishment from Hell, sent from Hell as long as I have breath in my body I will utilize all my god given powers and capabilities to destroy this false image of Jesus.

god. Using whatever resources available to expose truth. (4)
The self-hatred and self-destructing attitudes and actions will have both
obvious and *subtle ways of showing it self. e.g It is this image that
makes us not co-operate and unite fully with each other. Deep down our
subconscious tell us, "Who wants to bind with an Inferior being? Definitely
not you, yourself and I think?" This explains in part why so many of us seek
to mate with white people. Notice how, on general levels, Black men
marry or have relationships with more heavily endowed white women.
Today in these times I'm seeing blacks connect with the lower class,
Social Status white women who are either highly in drug use or
Criminal activity. Even the black women are getting the lower end, in
social and class when it come to connecting to, with white men. I mean
when the black folk decide to go date out of their race it like they
are happy and content to receive the best of what the white race has
to offer, in terms of what they see as white trash. And black folks
are quick to say, Huh! why settle for less? Subconsciously the mind
is acting opposite of what the conscious mind says. Why settle for less
or having dealings with black race relations. But no soon as an attraction
comes about among the white race as long as it appears white. The
subconscious mind settles for less, whatever is handed down will be
highly excepted in the black race, held in high esteem. Isnt that
cold blooded? Satan you are a lie. And my goals, mission to
my death, is to bring you to a shame. Literally, I will not need
a gun, a bomb to take down your world. Common sense should
know, we all should know, we do not have the power to kill
the devil, no nuclear, smart bombs, no type of guns, all the
poisons in the world couldnt kill 'em. We must expose him for who
he is, use the sword of truth is the only way to prevail over
the dynasty he has built, we have the power to place the devil
under our feet, to rule over him this will take satan to his
death, for the final executioner, the real Jesus, to finish him off.

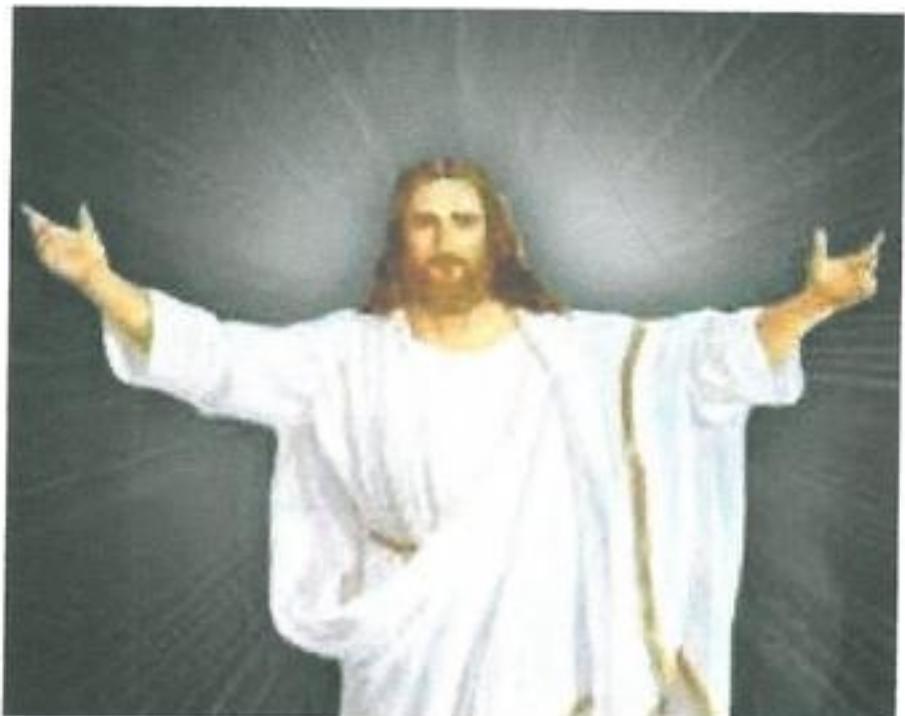

It is the subconscious Image of a white god which we hold as Sacred,^(S)
right and unchangeable that causes us and our children to self destruct as a
people. Look how black people of today, subconsciously are following the
lead of the so called 'Superior Race'. Blacks are bleaching their skin, walking
around half naked, young girls, Our youth is worshipping Sex, naturally and
unaturally. worshipping money, drugs (hard core) and death, physically
and mentally. On a physical level it's believed our youth will not live past
30 years of age. On a mental level If you are smart in school, then
you are trying to be "white" Intelligence now has a color and is not
associated with black people. (e.g. The experience minutes do tell me, mind
you whites, that I don't talk black or act like the black in prison. hahaha!
that I come off as more intelligent than most around. I turn around
and ask well, ...???? what is your idea of an intelligent black? and what
does a intelligent black sound like? or why can't you just recognize a black
person who chooses not to use a whole lot of vulgar and slang into the
dialect 24/7 (Cause sometimes, I will get hood.) why can't you recognize a
black who is somewhat on the bright side, an intellectual person. why can't
that be a black person. Here in the South, black is identified with negative.
being black (not maybe just hood-ghetto) but being black is loud, obnoxious,
vulgar talking, low-inferior minds. So in other words to the whites in
prison, I come off as acting white since I don't act black. I'm very
well, black and proud today until the rest of my dayz here on
earth... Everything that works against us in our community is directly
related to the "God-Image" in our subconscious. Notice how we will
kill for, work harder for, white people than we would for our ourselves.
Well, who ~~wouldn't~~ work harder for "God" than for ourselves/themselves if
this sound like an uncomfortable truth, good! It should pierce right down
in the souls of black folks. Moreover, there are those who are cut
images of others. They start very early with a pervasive programming
and conditioning that stretches everywhere, where white is seen better
than black.. If this were true, why would you have to steal a
holy figure and put your race (color) on it to make people believe!!!
Your race is superior if it originally was? Truth shall be told!!!

What effects do you think pictures, movies, and in books this depiction of the white-Holy figure,
Jesus - God - son of God has on other races particularly Blackfolk, whom ancestors are the same
color as the Hebrew Jesus, they ALL are of African origins, not European Caucasian ancestry, origin.
