Hey Ellen! Thank for the "Comment". Sorry to hear about your Dog. You know how those German shepherds are though: He probably thought your chihuahua was Jewish instead of Mexican!

I'm glad business is good. Can't argue w/that! I've just been trying not to nut up. Between getting two more write-ups(!), getting tormented by guards and the stress of waiting for my writ and the ruling on Doe, I've been half crazy! No phones, no visits, No way out. ("No Ass! No Head! Gotta go home, jackoff instead!") who is that? The Descendents?

I lost all my crap: TV, Radio, walkman, clippers, booklight, Battery charger, Headphones, Adapter! Guards took 'em 'cause I'm C-status. I don't give a fuck! Just rule on Doe!

Anyway... tried to call you several times but no answer. I may not get to call for 6 or 7 months now! I'm hoping to be out by then! There's that word again: Hope! Hope I don't to rely on Hope!

Read a pretty good book on the 14th & 15th (my B-Day) called "Mother California" by Kenneth E. Hartman. I don't know if I ever told you about when I "got 'em up" with a guy named Horse in Lancaster or not. Probably not on the phone anyway, but he's the guy that wrote that book. He talks abit about Lancaster, how off the hook it was. Also about the "Honor" yard. I also read "The Black Hand" about the Mexican Mafia. Ugly things in that book, but interesting look.

I'm done for now. Hope to hear from you again soon.

Always with Love.
