APRIL 15, - 2013.

Monday April 15, 2013 9:41 am. I haven't written in the journal since Thursday. I've been thinking about stopping it, and I think I will once I use all the stationary up. All I've been doing is the usual art work and writing. I got some responses in Friday night. I haven't replied mainly cause I don't have envelopes. In fact to write others I've hand made envelopes. Just cleaned the cell and I'm thinking about exercising. My classification officer told me Friday that these morons are going to keep me on Hightened security, which goes to show a moronic hightened stupidity. Maybe some one in Tallahassee will do something. The Hightened security should have left with that Criminal unethical Administration of Warden Barry V. Reddish. Well I'm going to get up and walk for awhile and see where that takes me.

11:16 am. Just finished eating lunch. It was a nasty patty. I wrote a grievance to try to get maintenance to fix the wiring in this cell. I need to do something. Art write or exercise.
4:12 P.M. Just been sitting here watching the news of these Boston Marathon explosions. sad day. Crazy ass world. Probably some muslim extremist. 2 dead 23 injured. Well I'm fixing to eat watch the news wait on showers and after that I'm going to

go to sleep. Wasn't a good day, but it was far worse for the families of the dead. My heart goes out to them.
Tuesday April 16, 2013 11:28am. Just waiting on lunch. Been writing most of the morning. The guys went to rec. one of them is down there flushing the toilet over and over washing his clothes in the toilet. I'm glad he's down there and not down here. I'm going to do some more writing and art work here after lunch.

2:03pm. Just finished exercising. I needed that. Bout time I got off my sorry ass and done something. I'm pouring sweat. I'll bath about 5pm and wash clothes. I need to write at least one more later. I was hoping the mp3-man would come through today picking them up. I've got 8 songs coming.

2:23pm. mp3 man just picked up the player. Probably want get it back until 6pm or 7pm.

4:05pm. Got the mp3 back. Just listening to music. waiting on dinner after which I'm going to wash clothes bath and call it a day.

just come back from seeing the doctor. I'll be seeing the eye doctor soon. I got up at 3am. Filed the formal Grievance to the informal that I filed back on 4/10. They didn't even respond to it correctly. Cause they know this heightened security isn't justified. We will see what

The warden says, I wrote two ministries this morning. They responded to me, but just typical hypocrites. screw what Jesus teaches, his teaching don't fit into their plans. Well I've got to write, do some art and exercise. so I need to get to it.

Thursday April 18, 2013 5:34 am, just wrote a card. I'm waiting on breakfast. After I eat I've got more writing to do. I got a birthday card from Josie last night. and several other birthday cards. Need to write Dad and a couple of ministries. I'm watching this explosion in Texas, Damn! so much heart break in the world.

12:42 PM. Canteen just left. I had an ice cream and bacon cheese burger. Good, just too expensive. I've been writing most of the morning, did some art. I've got some more writing to do. The guys went to rec this morning. I'll go out tomorrow. They only take me out on Fridays.

5:06 PM. Well I've had to do some more writing, my Classification Officer come by asking about a DR. that I received. I don't know anything about it.

so my belief is their playing psychological games. so I wrote the senator and I'm having people call. Cause they maybe playing games then again they maybe getting ready to set me

esp. I don't trust these people. Like I told the
Senator these people got about as much honor and
integrity as a Nazi in a Jewish concentration camp,
which is to say they have none. They are a mess
here in the Florida Dept. of Corruption. Well I'm
fixing to wash clothes bath and call it a day. Guess
things are going to get interesting again with
unethical, unprofessional conduct. Hopefully not,
but this damn sure doesn't look good with these
officers and these D.R. talk's last week and then
again this week. Well another day.
