

Samantha     <http://betweenthebars.org/blogs/6335/>

Sublime Greetings,

Dear Samantha, thank you so much for transcribing my words. I pray my message is felt across the nation. I seek freedom and to galvanize the people to standup against tyranny and abuse of power. If those in authority, the leadership, are cruel and corrupted, what hope is there for us who follow their examples and who have faith in their system? I say their system because the people have allowed the usurpation of power by false representatives.
