2 Some times a Person Can never do anything
3 right - at least it seems true in prison. Just
4 standing at the Cell door waiting for tray pick
5 up can get one in trouble - that is if the
6 officer is female & very attractive - which is
7 what took place April 8th, 2013.

8 I was standing at my door for the 2
9 officers to retrieve my tray when they arrived
10 she was ready to open my tray slot at least
11 that's what I thought, but out of the blue she
12 scurried over to the next cell where her male
13 partner was - telling him I was staring at
14 her like eye candy. He stormed to my cell
15 shouting "when a female guard comes to your
16 door you back off of it - you got it." Needless
17 to say that exchange was not well received
18 & I vollyed my own nasty words right
19 back in thier face calling them both perverts,
20 which wasn't well received.
21 Her actions were very demeaning to
22 me - suggesting that just because I'm a male
23 and in prison that I wanted to have sexual
24 relations because of Beauty - But all I
25 really wanted to do was give my tray.
